

Heatmap visualization showing the relationship between 10 different SARS-CoV-2 sequences. The color scale ranges from dark red (high relationship) to light yellow (low relationship). The diagonal is dark red, indicating a perfect self-relationship. The heatmap shows that Series1_NHBE_SARS-CoV-2 and Series1_NHBE_Mock_2 have a high relationship (dark red), while Series1_NHBE_SARS-CoV-2 and Series1_NHBE_Mock_3 have a low relationship (light yellow).
